November 20, 2019

Dear TE Connectivity,

My school had the pleasure to host author Stephan Kozan and illustrator Tony Maulfair. The auditorium was transformed into a writing oasis! The students came in to see a display of books written by other students. Banners were hung showing the students the program, the projector kept the students engaged and completely enthralled.

The presentation was kid friendly and very child centered. All of our students were writing with such enthusiasm! The program was fabulous from start to finish. Thank you for giving my students the opportunity to experience such a wonderful program.

With thanks,  
Maria Tsiros
