To whom it may concern:

I would like to thank First National Bank for sponsoring Mr. Kozan at South Side Elementary. The students loved meeting a real-life author and illustrator and learning about the work that is needed to put a book together. The InstaART drawing the students created was a wonderful example of teamwork and will be hanging proudly at our school.

I enjoyed watching the students write so intently during Flash Fiction. Many students upon returning to class wanted to continue writing and sharing their ideas with the class.

Days later the students were continuing to talk about their experience, and their stories.

Thank you again First National Bank for sponsoring this visit, and Mr. Kozan for bringing Student Author Movement to the 4th graders at South Side!

Respectfully,

Rebecca Robinson

4th Grade Teacher
